1997 DIVISION SERIES

The 1997 Florida Marlins clinched their first-ever post-season berth as they posted a 92-70 mark and were crowned as Wild Card Champs. They became the first expansion team to play beyond the first round before its eighth year of existence.

A combination of Edgar Renteria's game-winning single in Game 1, Moises Alou's game-winning single in Game 2 and Devon White's sixth-inning Grand Slam in Game 3 helped give the Marlins a three-game sweep of the National League West Champion San Francisco Giants.

Expanding Their Horizons

In their fifth season, the Marlins became the first Expansion Team to win the World Series in the shortest period of time. Florida also became the second fastest team to reach the playoffs.

1997 NLCS

Florida won the National League pennant against an Atlanta squad that had claimed four-of-the-last five NL titles. Livan Hernandez' record-breaking 15 strikeouts in Game 5 in front of a home crowd of 51,982, earned him the Series MVP. Kevin Brown, who battled a stomach ailment throughout the series, pitched a complete game in Game 6 at Turner Field to lead Florida into the World Series.

WORLD SERIOUS MARLINS

- The Marlins not only became the first team to qualify for the Post Season as a Wild Card to win a World Series, but earned their World Championship faster than any expansion team in history.
- The Marlins came from behind to claim eight of their 11 Post Season victories.
- A record audience watched television in 205 countries and 40 million people tuned into the 365-station Latin Broadcasting Company radio network.
- Charles Johnson led the Marlins with 10 hits including a pair of three-hit games and collected hits in five-of-seven Series games.
- Florida led the Majors with 29 wins in their final at bat including Edgar Renteria's two-out single in the 11th inning, his second in the Post Season.
- Livan Hernandez became the second rookie to win the Series MVP award, joining Larry Sherry of Los Angeles in 1959. He also became the first rookie pitcher in 50 years to win two World Series starts (the Yankees Spec Shea in 1947).
- In Game Three, Florida became only the second team in Series history to score seven runs in the ninth inning.
- In Game Four, the Marlins played in 15-degree wind chill, the coldest World Series game ever played.
- The Pro Player Stadium crowd of 67,498 in game six, was the largest to see a World Series game since 1954.
- The seventh game was just the third in Series history to go extra-innings; previous games included 1991 and 1924.
- The 403,617 fans that saw the seven games of the World Series was the second-highest total ever to attend a World Series (1959 Dodgers vs. White Sox).

SOUTH FLORIDA BASEBALL
A Brief History

From the earliest days of the city of Miami, baseball has been a South Florida staple. Whether as the home to numerous minor league franchises, the training site for various major league clubs or the home of some of the finest college and high school programs in the nation, baseball and South Florida need no introduction.

Records show that Abner Doubleday, who legend credits as having invented the game of baseball, was stationed at a military base in South Florida late in his career. Although club teams were taking to makeshift diamonds in the area before the turn of the century, the first official minor league entry appeared in 1912 when the Miami Magicians entered the Class D East Florida State League and competed until the United States entered World War I. After the war, several variations of minor league clubs appeared, one which was the Miami Tourists.

On the eve of World War II, teams in the Florida East Coast League included the Miami Wahoos, the Miami Beach Flamingos, the Fort Lauderdale Tarpons and the West Palm Beach Indians. The league suspended operations in 1943 until the end of the war.

After the war, the need for a larger stadium became apparent. Jose Manuel Aleman, a former minister of education in Cuba, undertook the project. Construction began in late 1948 and Miami Stadium was opened on August 31, 1949. At the time, the 9,000-seat stadium was hailed as one of the finest and most beautiful in baseball.

By 1952, the Florida International League had risen to Class B status and included the Miami Sun Sox (managed by Pepper Martin), Miami Beach Flamingos, Fort Lauderdale Lions (who wore shorts during the 1953 season) and the West Palm Beach Indians.

The Marlins nickname made its first appearance in 1956 when the Triple A franchise from Syracuse, New York moved south and into Miami Stadium. The legendary promoter Bill Veeck was brought in to run the team and one of his first acts was to sign 50-ish hurler Satchel Paige. Paige's Marlins debut was one to remember, as Veeck arranged for a helicopter to deliver him to the mound on Opening Night.

Paige played three seasons with the Marlins, and was the starting pitcher on August 7, 1956 when baseball moved to the Orange Bowl for the first time. Thanks to pre-game festivities that included Cab Calloway and Merv Griffin, a crowd of 57,713 filled the stadium for a 6-2 victory by Paige and the Marlins over the Columbus Jets. The game raised over $30,000 for charity, but did little to build a long-term base of fans. Plagued by poor attendance and other financial problems, the AAA franchise moved to San Juan, Puerto Rico after the 1960 season.

After the Marlins departure, South Florida's professional baseball connection has been either through hosting various major league spring training sites or through Class A Florida State League entries, including several different nicknames (Marlins, Orioles and Miracle).

In 1979, Triple A baseball made a brief return to South Florida with the Miami Amigos of the Inter-American League. The league lasted only until mid-July before financial problems brought it down. From that moment until April 5, 1993, the only professional baseball above the Class A level in South Florida was played during the spring.

Major league clubs since the days of Babe Ruth have sought refuge in the warm Florida climate while preparing for the upcoming season. At one time or another, South Florida has been the spring home of the Giants, Reds, Browns, Athletics, Yankees, Braves and Pirates and is currently the site for the Cardinals, Mets, Expos and Orioles.

But while the professional game was mostly a spring-time guest, the amateur programs became nationally prominent. At the University of Miami, Hurricanes manager Ron Fraser built over 30 years of, what many consider, the model collegiate program. Not only did the team prosper on the field, becoming a regular participant in the College World Series and winning two national championships, but Fraser proved that a collegiate program could also be successful at the gate. Armed with a never-ending series of promotions, Miami has packed in the fans at home and has become the envy of many minor and major league teams, as well.

Hall of Famers Jimmy Foxx and Satchel Paige were members of the Miami Marlins in 1956. Foxx served as a coach and Paige was a pitcher and star gate attraction.

At the same time, various high school and junior college programs in the state have churned out a never-ending stream of blue chip prospects and major leaguers, the results of a year-round affinity for playing the game.

South Florida's interest in baseball was further solidified by the influx of Cubans since the late 1950's. In the mid-1950's, Havana was host to a legendary Triple A entry, the Sugar Kings. Starting with Minnie Minoso, a host of Cuban players such as Cookie Rojas, Bert Campaneris, Luis Tiant and Tony Perez made their way to the major leagues and opened baseball's collective eyes to the vast wealth of talent available in the Carribean.

That tradition continues today with the play of such Cuban-American products as Rafael Palmeiro, Alex Rodriguez and Jose Canseco, who made his professional debut with the Class A Miami Marlins in 1982. Other Major Leaguers who wore a minor league Marlins uniform include Dennis Martinez, Eddie Murray and former Marlins catcher Benito Santiago. With the 1997 arrival of Alex Fernandez to the Marlins, the vastness of this area's baseball is seen with a person who played high school, collegiate and now major league baseball in South Florida.

Since the Florida Marlins came to the area in 1993, major league baseball no longer heads north for the summer. Now, the baseball fans of South Florida can experience first-hand what they have long coveted, a big league team of their own.

INTERLEAGUE PLAY

For the first time in the history of Major League Baseball, teams from the National and American League competed against each other during the regular season.

- The Marlins defeated the New York Yankees, 2-1, on June 13th in the first-ever Interleague game for each team. The 12-inning contest at Pro Player Stadium drew a sellout crowd of 42,455. Moises Alou collected the first hit, a single to short and Kurt Abbott scored the first run in the ninth off a single by Alou.
- Gary Sheffield's grand slam in the first inning the following night was erased because of rain, but he came back the next day and hit the first Interleague home run in club history on June 15 vs. the New York Yankees.
- The designated hitter is used only in American League ballparks and the home league uses their umpires for Interleague games.
- Jim Eisenreich became the first designated hitter in club history on June 16 at Detroit and delivered a RBI double in his first at bat.
- The Marlins tied Montreal for the best record (12-3) in Interleague play. Florida was 3-0 vs. the Baltimore Orioles and the Toronto Blue Jays. The Fish posted a 2-1 record against the New York Yankees, Detroit Tigers and Boston Red Sox.

CREDENTIAL APPLICATIONS: All news media will be asked to submit a written request for Florida Marlins press credentials on their official letterhead. All requests for season credentials must be received by Friday, March 7, 1998.

SEASON CREDENTIALS: Season credentials will be issued only to those legitimate newsgathering organizations who plan to cover the Marlins on a daily basis. Credentials will be issued only to members of the working press 18 years of age and older. **No spouses, guests or children** of members of the press will be issued credentials. Press passes are **not transferable.** Credentialed members of the media are prohibited from obtaining autographs or equipment on the playing field, in the dugout or clubhouse. Any violation of these guidelines will result in immediate revocation of credential and future access. Only credentials issued by the Florida Marlins, the National League or the BBWAA will be honored. Credentials must be visible at all times.

DAILY CREDENTIALS: Daily credentials will be issued to those legitimate newsgathering organizations who do not qualify for season credentials. Any organization who anticipates the need for daily credentials must have a letter on file with the Florida Marlins Baseball Information and Publicity Department. Requests may be sent via FAX or mail, but those requests must be received at least 48 hours in advance of the game(s) requested. Daily credentials are subject to the same restrictions as season credentials and any violation will result in revocation of the credential and any future access.

PHOTO CREDENTIALS: Credentials will be issued to those photographers on assignment for legitimate newsgathering organizations and those representatives of companies licensed by Major League Baseball. Photographers for licensees will only be granted daily passes. Priority in all areas will be granted to news organizations on nightly deadlines. No freelance photographers will be granted credentials and all photographs taken are to be used for newsgathering purposes or officially licensed products. Any other use of photographs taken will be considered a violation of the conditions under which the credential is issued and result in no further credentials being issued.

CLUBHOUSE ACCESS: Access to the Florida Marlins clubhouse both before and after games will be limited to those organizations who are filing stories on a daily deadline. Clubhouse access will be granted to all media when special situations arise, as determined by the Marlins Baseball Information and Publicity Department. The clubhouse is open to all media with proper credentials 3 1/2 hours before game time and then closes 45 minutes prior to the start of each game. It re-opens no later than 10 minutes after each game. Policies regarding access between games of doubleheaders and during rain delays will be determined by the Marlins Field Manager. Access to the visiting clubhouse is subject to the visiting club's guidelines.

FIELD ACCESS: All credentialed members of the media will be given access to the playing field prior to each game. No media will be allowed in fair territory or beyond the first and third base bags. All non-uniformed personnel must clear the field at the conclusion of visitors batting practice unless that individual has credentials expressly for in-game field privileges (photo passes, pre-game ceremonies, etc.). Live shots are permitted on the field until 35 minutes prior to the first pitch.

LIVE TRANSMISSIONS: Television and radio stations not holding broadcast rights for Marlins games will be allowed to transmit live reports prior to and after Marlins games. All live television shots will be done on the field. No live shots will be permitted from the clubhouses. No live transmissions inside the stadium by non-rightsholders will be permitted while the rightsholder is on the air or the game is in progress. Radio stations will be permitted to provide "scene setters" and score updates between innings but these reports may not continue once an inning is underway. Any violations of these policies will result in revocation of credentials.

COMMUNITY AFFAIRS PHILOSOPHY

The Florida Marlins Community Affairs Department supports the club's mission of being an active partner in the South Florida Community. By supporting community, civic, and charitable causes we are exercising our commitment of being a responsible and civic minded business.

Through many sponsored activities, the Marlins reach out beyond the doors of Pro Player Stadium. The organization uncovers what many perceive as the mystique of professional sports. Baseball is a "family" game. The atmosphere is conducive for bringing out the warmth of days gone by...

The catalyst may be a player signing an autograph for a youngster hanging over the dugout, a hug from Billy the Marlin, an at-risk youth group receiving tickets to a game, or one of our players speaking to kids at a clinic. The Marlins responsibility of being sensitive to a diverse community is endless.

MAJOR LEAGUE BASEBALL PROGRAMS

Diamond Skills

Diamond Skills is Major League Baseball's official skills competition which focuses on three fundamental baseball skills: batting, fielding/throwing and base running. The competition helps kids target and fine-tune particular areas that are crucial to being a better all-around player. Children ages 7-14 are eligible to compete in this program. Contestants must fill out an entry form obtained from local parks and recreation facilities. Local and sectional competitions are held prior to the team championships. The Florida Marlins hosts the team championship for Florida prior to the National Championship at the All-Star Game.

Reviving Baseball in Inner Cities

Reviving Baseball in Inner Cities (RBI), is a youth baseball program offering kids ages 13-18, who live in disadvantaged urban areas, the opportunity to participate in organized baseball. Designed to promote athletic and academic growth, the result has been a program that not only teaches solid, fundamental baseball, but also promotes academic achievement and social responsibility as a requirement for participation.

The Marlins RBI program, sponsored in conjunction with Gatorade, is in its fifth season with 45 teams and over 700 participants in South Florida. Gary Sheffield, serving as spokesman for the RBI program, donates funds to support RBI by contributing monies for each hit recorded during the season. In the past four years, the Marlins league has advanced to the World Series every year finishing in 2nd place in 1994 and 1996, and took the World Champion title in the 1997 RBI World Series.

TrueValue Field of Dreams

With the help of TrueValue Hardware and the local Jaycees, the Florida Marlins will renovate several baseball fields in South Florida for the second year in a row.

Fields in Dade, Broward and Palm Beach Counties are targeted for refurbishment. Representatives from the Florida Marlins, TrueValue and the Jaycees select fields for renovation with the intention of increasing the activity of young people in the sport of baseball.

Charles Johnson and friends during World of Baseball Week.

Marlins in the Community

Florida Marlins Foundation

The Florida Marlins Foundation was established in 1995 as the fund-raising arm of the Florida Marlins Baseball Club.

The Foundation is committed to the betterment of South Florida's youth through a direct focus on, but not limited to, educational, health, social and community service issues.

The Florida Marlins Foundation will contribute, whenever possible, to charitable groups that are compatible with the Foundation's philosophy. Resources for the contributions are procured through various fund-raising events throughout the year.

Speaker's Bureau

Florida Marlins players are not the only ones speaking in the community. Our front office is busy throughout the year speaking at various functions. Since the inaugural season, the Florida Marlins have sought ways to educate South Florida fans about the sport of baseball.

In 1995, the Florida Marlins Speaker's Bureau was born. With this program in place, the Marlins have a means to reach fans from South Florida's various business and social groups. The Speaker's Bureau's mission is to educate, enlighten and convey positive messages about the multi-faceted world of baseball.

World of Baseball

Baseball is our national pastime, and through the efforts of the Broward County Public Schools, a fully integrated curriculum was developed incorporating all the facets of baseball.

The World of Baseball makes learning fun, exciting and a fulfilling experience. Students from grades kindergarten though eighth are now engaging their minds in studies using the theme of baseball. The program's success has allowed it to expand into Dade and Palm Beach counties as well. Recently, the World of Baseball was trademarked with possible expansion into other Major League communities.

Baseball provides an opportunity for teaching a full range of subjects from math to geography. Through this unique program's design, teachers take on the role of managers and the students are the team. School sounds like more fun already!

Youth Programs

Managed by the Marlins Community Affairs Department, Ballpark Buddies/Corporate Partners for Youth focuses on inviting the underprivileged youth and other charitable organizations of South Florida to Marlins home games. Marlins players and coaches as well as corporate sponsors have teamed up and purchased tickets to donate to local charities and youth groups. This program enables fans who normally would not be able to attend a Major League game to visit Pro Player Stadium for some exciting Marlins action.

Diamond Dash is one of our fans favorite programs. Immediately following Sunday home games, kids 12 and under can run the bases at Pro Player Stadium. Just like the Major Leaguers, the children run as quick as they can to tag first base, round to second, dash to third and straight away to home plate for the winning run!

Gary Sheffield, sponsor of the 1997 Champion Marlins RBI Team, purchased a championship ring for each player.

STADIUM RENOVATIONS

Since H. Wayne Huizenga purchased 100 percent of Pro Player Stadium on January 24, 1994, the stadium has undergone a series of renovations totaling more than $15 million.

- Pro Player is one of the few stadiums to boast two JumboTRON video boards. In 1996, a new 26' x 37' color video screen was installed in the west end zone, while just prior to Super Bowl XXIX, the stadium's east board was replaced with a new one measuring 30' x 40'.

- A new state-of-the-art Prescription Athletic Turf (PAT) system is now in place. Installed for the 1995 season, the mechanical drainage system can handle five times the water of the old system.

- SportsTown, an entertainment complex located on the south side of the stadium between Gates F and H, consists of two 7,500 square foot tents, 10 interactive games, six distinctive food stands and two large bars. In addition, the complex includes eight 32" color TV monitors, radio broadcast and entertainment stages, along with a state-of-the-art sound system, novelty and souvenir merchandise kiosks and a Guest Service/Ticket kiosk.

- Many new parking renovations and access improvements have been made, including expanded permit parking for suite patrons and season ticket holders. A new RV and limosine parking lot has been created along with easier-to-read signage. Over the past 12 months, the stadium has added an additional 7,500 parking spots.

- A new flooring system, called Silikal, was installed on the 100 and 400 level concourses. The system is a waterproof, heavy duty, slip resistant surface that is also aesthetically appealing...in addition the 100 and 400 concourses have been painted to create a cleaner, brighter atmosphere.

The Florida Marlins begin their fifth season at the state-of-the-art Space Coast Stadium and sixth Spring Training camp overall. The Marlins conducted their inaugural Spring Training in 1993 at Cocoa Expo. Space Coast Stadium is the 7,200 seat centerpiece of the Marlins Brevard County operation. In the spring, it houses offices for the Marlins Major League staff, clubhouses for both the Marlins and visiting teams, in addition to media work and dining areas. After the Major League club breaks camp at the end of March, the stadium becomes home to the Brevard County Manatees (A) of the Florida State League, Gulf Coast Rookie League Marlins, Instructional League and the Marlins fantasy camp.

In addition to the 7,200 permanent seats, Space Coast Stadium also features 11 luxury suites located on the press level and a grass-covered berm beyond the left field fence that will serve as additional general admission seating.

Pitchers and catchers first workout is slated for February 16 at the Carl Barger Baseball Complex at Viera. The complex opened in time for the Marlins first Spring Training camp in 1993 and the Marlins will utilize the complex for the first 10 days of training camp before moving to the stadium just prior to the start of the Grapefruit League season.

The Carl Barger Baseball Complex was designed by the firm of Lescher and Mahoney, while Space Coast Stadium was designed by the firm of L.D. Astorino & Associates, Ltd. Both projects were constructed by Miorelli Engineering.

Offices for the Marlins Baseball Information and Publicity Department and the Media Workroom are located at the stadium. The workroom is directly behind the seating area of the Press Box, located on the third level of the stadium. The Press Dining area, which will be open prior to the start of each exhibition game, is located on the first base side of the stadium on the concourse level. Admission to the dining area is either a Major League Spring Training credential, a BBWAA card or a Marlins spring season pass or daily credential.
